<p><b>After reviewing the water allotments and the time schedules, we are revising the water schedule to get each owner another 30 minutes of watering time. We ask that each of you please check the time for your property and make these adjustments as quickly as possible, in order to get your additional time and so the right number of homes are on each time period and the schedule will work effectively.</b></p> <p><b>There will be an overlap time between 5 pm &amp; 8pm where owners and common areas will be watering at the same time. We have ordered additional water to accommodate the overlap use between the owners &amp; common areas.</b></p>
